WONG, T. K. and VARGHESE, G. Assessing the susceptibility of local citrus species to Phytophthora root rot in Malaya, 305

INDEX OF SUBJECTS

Alpacas in Peru, an investigation into remedies of sarna (sarcoptic mange) of (Alvarado, Astrom and Heath), 245

Antiaris africana, digestibility of, from the Accra plains, using local cattle as experimental animals. Studies on browse plants in Ghana. II (*c*) (Mabey and Innes), 27

Birth weights of goats in Malaya, repeatability of milk yield and, I. Milk yield and length of lactation (Anuwar bin Mahmud and Devendra), 211

Browse plants in Ghana. II. (*c*) Digestibility of *Antiaris Africana* from the Accra plains, using local cattle as experimental animals (Mabey and Innes), 27

II. (*d*) Digestibility of *Grewia carpinifolia* from the Accra plains, using local cattle as experimental animals (Mabey and Innes, 113

Cacao varieties, studies on the reaction of some, to *Phytophthora palmivora* (Butl.) Butl. in Jamaica (Leather), 107

Carthamus tinctorius L. (safflower), effects of seed size on oil content and seedling emergence in, grown in the Sudan (Saeed), 299

Climatic factors and potato growth (Gooding), 129

Cowpea in Nigeria, effect of planting-date on nodulation and dry-matter yield of (Tewari), 45

Crop production relations and their use in farm planning, estimation of (Barlow), 317

Crops, the photosynthesis and transpiration of, 1

Cultivation history, soil and weather, effects of, on responses of wheat to fertilizers in Northern Tanzania (Anderson, Houston and Northwood), 183

Digestibility of *Antiaris africana* from the Accra plains, using local cattle as experimental animals. Studies on browse plants in Ghana, II. (*c*) (Mabey and Innes), 27

of *Grewia carpinifolia* from the Accra plains, using local cattle as experimental animals. Studies on browse plants in Ghana, II. (*d*) (Mabey and Innes), 113

Diseases and pests of tea in north-east India, sample surveys of (Sen, Sarkar and Chakrabarty), 161

Dry-matter yield and nodulation of cowpea in Nigeria, effect of planting-date on (Tewari), 45

East African weeds, factors which affect the germination of six common (Huxley and Turk), 17

Farm planning, estimation of crop production relations and their use in (Barlow), 317

Fertilizer responses in swamp grass (*Oryza sativa* L.) in Northern Nigeria (Bredero), 33

Fertilizer(s), *see* Cultivation history, Maize growing, Peanuts, Rhodes grass, Soil(s), Swamp rice, Tobacco

Festuca arundinacea Schreb., factors influencing the survival of propagules of tall fescue. I. Effects of daylength, length and weight of propagules, and number of culms (Miltimore), 233

II. Relations of leaf, root and planting weight to survival and hereditability of survival (Miltimore), 239

Food preferences, use of rank correlation methods to determine (Jowett), 201

Germination of seeds of six common East African weeds, factors which affect the (Huxley and Turk), 17

Goats in Malaya, repeatability of milk yield and birth weights of. I. Milk yield and length of lactation (Anuwar bin Mahmud and Davendra), 211

Grazing intensity, responses to, on the Transvaal highveld (Gillard), 217

Grewia carpinifolia, digestibility of, from the Accra plains, using local cattle as experimental animals. Studies on browse, plants in Ghana. II (*d*) (Mabey and Innes), 113

Groundnuts and sorghum in Northern Nigeria, rainfall conservation and the yields of (Lawes), 139

Maize, effects of time of nitrogen application on yield of, in the tropics (Fayemi), 101; experiments with, in Trinidad (Gibbon), 173; growing in Nyasaland (Malawi). II. Fertilizer requirements (Brown), 49

Mashona cattle of Rhodesia, the origin, environment and description of the (Oliver), 81
the productivity of (Oliver), 119
Microbial rotting of stored yams (*Dioscorea* spp.) in Nigeria (Okafor), 179
Milk yield, repeatability of, and birth weights of goats in Malaya. I. Milk yield and length of lactation (Anuwar bin Mahmud and Devendra), 211
Mucuna untilis, nitrogen fixing capacity of (Oke), 15

Nitrogen, *see* Maize growing, *Mucuna untilis*, Rhodes grass
Nodulation, effect of planting-date on, and dry-matter yield of cowpea in Nigeria (Tewari), 45

Oil content and seedling emergence in safflower (*Carthamus tinctorius* L.) grown in the Sudan, effects of seed size on (Saeed), 299
Oryza sativa L. (swamp grass), fertilizer responses in, in Northern Nigeria (Bredero) 33
Overdrilling and oversowing, improvement of permanent pasture by. I. Pasture establishment by overdrilling (Warboys and Johnson), 309
Overseeded legumes and Rhodes grass, responses of, to nitrogen and potash fertilizers and to the availability of soil potassium in Israel (Dovrat), 255
Oversowing and overdrilling, improvement of permanent pasture by. I. Pasture establishment by overdrilling (Warboys and Johnson), 309

Pasture, *see* Overdrilling, Oversowing
Peanuts in Israel, effects of potassium fertilizer on (Hagin and Koyumjisky), 295
Pests and diseases of tea in north-east India, sample surveys of (Sen, Sarkar and Chakrabarty), 161
Photosynthesis and transpiration of crops (Monteith), 1
Phytophthora palmivora (Butl.) Butl. Studies on the reaction of some cacao varieties to, in Jamaica (Leather), 107
Phytophthora root rot in Malaya, assessing the susceptibility of local citrus species to (Wong and Varghese), 305
Plant density, the influence of, on the morphological characters and seed production of common vetch (*Vicia sativa* L.) (Blum), 61
Potassium, *see* Peanuts, Rhodes grass
Potato growth, climatic factors and (Gooding), 129
Preparing papers for scientific journals (Kirkman), 147
Productivity of Mashona cattle in Rhodesia (Oliver), 119

Rainfall conservation and the yields of sorghum and groundnuts in Northern Nigeria (Lawes), 139
Rank correlation methods, use of, to determine food preferences (Jowett), 201
Reclamation of ancient agricultural soils in Wahidi, South Arabia (Hearn, Rijks and Wilcox), 279
Recording data in the laboratory and field, methods of (Berry, Cleaver, Nelder and Salter), 69
Repeatability of milk yield and birth weights of goats in Malaya. I. Milk yield and length of lactation (Anuwar bin Mahmud and Devendra), 211
Rhodes grass and overseed legumes, responses of, to nitrogen and potash fertilizers and to the availability of soil potassium in Israel (Dovrat), 255

Safflower (*Carthamus tinctorius* L.), effects of seed size on oil content and seedling emergence in, grown in the Sudan (Saeed), 299
Sarcoptic mange (sarna) of alpacas in Peru, an investigation into remedies of (Alvarado, Astrom and Heath), 245
Sarna (sarcoptic mange) of alpacas in Peru, an investigation into remedies of (Alvarado, Astrom and Heath), 245
Seed size, effects of, on oil content and seedling emergence in safflower (*Carthamus tinctorius* L.) grown in the Sudan (Saeed), 299
Seed production of common vetch (*Vicia sativa* L.), the influence of plant density on the morphological characters and (Blum), 61
Seedling emergence in safflower (*Carthamus tinctorius* L.) grown in the Sudan, effects of seed size on oil content and (Saeed), 299
Soil(s), cultivation history and weather, effects of, on responses of wheat to fertilizers in Northern Tanzania (Anderson, Houston and Northwood), 183
reclamation of ancient agricultural, in Wahidi, South Arabia (Hearn, Rijks and Wilcox), 279
Soil potassium in Israel, responses of Rhodes grass and overseeded legumes to nitrogen and potash fertilizers and to the availability of (Dovrat), 255

Sorghum and groundnuts in Northern Nigeria, rainfall conservation and the yields of (Lawes), 139

Swamp rice (*Oryza sativa* L.) in Northern Nigeria, fertilizer responses in (Bredero), 33

Tall fescue (*Festuca arundinacea* Schreb.), factors influencing the survival of propagules of. I. Effects of daylength, length and weight of propagules, and number of culms (Miltimore), 233

II. Relations of leaf, root and planting weight to survival and hereditability of survival (Miltimore), 239

Tea, techniques of experimentation with, in north-east India (Sen and Biswas), 89

sample surveys of pests and diseases of, in north-east India (Sen, Sarkar and Chakrabarty), 161

Tillage, effect of depth of, on yield of upland paddy and on associated weeds (Pande and Bhan), 225

Tobacco, application of mineral fertilizers to flue-cured, in the Iringa district of Tanzania (Akehurst and Sreedharan), 265

Transpiration and photosynthesis of crops (Monteith), 1

Upland paddy, effect of depth of tillage on yield of, and on associated weeds (Pande and Bhan), 225

Vicia sativa L. (common vetch), the influence of plant density on the morphological characters and seed production of (Blum), 61

Weather, soil and cultivation history, effects of, on responses of wheat to fertilizers in Northern Tanzania (Anderson, Houston and Northwood), 183

Wheat, effects of soil, cultivation history and weather on responses of, to fertilizers in Northern Tanzania (Anderson, Houston and Northwood), 183

Yams, microbial rotting of (*Dioscorea* spp.) in Nigeria (Okafor), 179

Zebu cattle, the improvement of East African (Stobbs), 287
